Have No Equal.

Allcock's Porous Plasters have attained a world-wide reputation solely upon their superlative merits. They have many would-be rivals, but have never been equalled or even approached in curative properties and rapidity and safety of action. Their value has been attested by the highest medical authorities, as well as by unimpeachable testimonnals from those who have used them, and they are recommended as the best external remedy for weak back, rhemmatism, sciatica, colds, coughs, sore throat, chest and stomach affections, kidney difficulties, weak muscles, strains, stitches, and aches and pains of every description.

Beware of imitations, and do not be deceived by misrepresentation. Ask for Allcock's, and let no solicitation or explanation induce you to accept a substitute.

THE CAUSE AND THE EFFECT. A survey of our stock shows that in spite of a very prosperous spring trade we have ELEVEN HUNDRED more MEN'S FINE SUITS than we

should have at this advanced stage of the season. This may be bad, but it would be worse to remain inactive under the circumstances. It isn't always good to "let well enough alone." This is an instance. If liberal reductions can move this surplus stock IT WILL MOVE. How's a discount of 40 to 60 per cent. for an inducement? That's what we practically offer you. Eleven hundred choice Imported Dress Suits have been marked down from \$18, \$20, \$22.50, and \$25 to

\$13.50.

This means a big loss to us, but we see no alternative but to acquiesce in the situation. Besides, our experience tells us that the first loss is invariably the best-so why make matters worse by fruitless hesitation. We won't. Now's the time to act, and now, gentlemen, we ask you to con. " in and select any one of the 1,100 Superb Dress Suits, worth from \$18 to \$25, for only \$13.50. No matter how fastidious your tastes may be, you can easily be suited, for the Suits have been expressly made for our fine city trade, and they excel in quality, style, make, and fit half the custom-work turned out in Richmond. The materials are finest Scotch Cheviots, Homespuns, and Bannockburns, finest English Cassimeres, and several lines of Black and Cheviots and Corkserew Worsteds. They are carved out in the latest shapes of Singleand Double-Breasted Sack and Cutaway Frock styles, and include the most desirable patterns, shades, colors, and mixtures worn this season. Sizes 33 to 48 chest measure, and we can fit the tall, slender man as well as the short, stout man. Remember your choice from all for
